

DALTON TOWNSHIP

Dalton Township COVID-19 Mitigation Measures

March 16, 2020

The number one priority of Dalton Township is the health and safety of our employees and citizens. With Governor Whitmer's Emergency Declaration it has become imperative that local officials plan for the potential community transmission of COVID-19 and take the necessary precautions to protect our residents and staff in an attempt to slow the transmission of this virus.

Effective March 16, 2020 through April 5, 2020 Dalton Township is limiting certain operations in order to minimize the risks of the COVID-019 virus. The following changes will be in effect through April 5, 2020.

1. **Dalton Township Hall will be closed to all public.** All business that can be conducted via U.S. Mail, or the drop box should be done in such a manner. There is a drop-box located outside of the main entrance of Township Hall; such business includes, but is not limited to, utility payments, absentee ballot applications, dog licenses (include a copy of rabies information if available) and building permits of any type.

PAYMENTS LEFT IN THE DROP BOX WILL BE ACCEPTED AND PROCESSED.

2. The Building Department will be available for inspections on all new construction projects. Arrangements can be made by calling the building department at 231—766-3043 ext. 2015. Building permits may also be sent via email.
3. Public Safety will continue to operate in a regular manner for emergency services, but the Fire Station will be closed to the public.
4. The Transfer Station will continue to operate on the regular schedule.

Dalton Township will make every effort to conduct our business as effective and safely as possible in a non-person to person manner. Please be patient with us, and each other, as we all navigate this pandemic in the best way possible.

This notice is in effect as of March 16, 2020 and if further recommendations and requirements are issued by local, State or Federal health officials, further action and notices will be posted to the Township website and on the outside of Township buildings.

For further questions regarding operational changes please contact Township Supervisor Tony Barnes at 231-766-3043. Any healthcare related questions should be directed to the Muskegon County Health Department at 231-724-6246.
